

Spaghetti with Meat Sauce

Note: Use any kind of pasta. Cook manual for half the package directions.

1 Pot IP Spaghetti with Meat Sauce turned out great.

Sautéed 1 pound of hamburger. Next, we added 1 can spaghetti sauce & 1 can water along with seasonings (garlic, onion, basil etc).

Layered 16 ounces spaghetti (broken in half) on top. Cooked on Manual, high pressure for 6 minutes with a QR.

It seemed a bit soupy when I opened the lid but once I stirred everything together it was perfect and smelled & tasted great.
